MediPendant™

*The ONLY Monitored
Medical Alert System That Allows You To*
SPEAK and LISTEN
DIRECTLY THROUGH THE PENDANT

What is a Personal Emergency Response System (PERS)?

MediPendant's™ personal emergency response system is the medical alert device that provides professional assistance at the touch of a button. There are no telephone numbers to look up, and no need to dial the phone. **With MediPendant's™ two-way voice technology, simply press the button, and communicate with an EMT-certified operator directly through the pendant.**

How does it work?

When the large button on the pendant is pressed, a telephone call is made to an EMT-certified emergency operator.

Then what happens?

The operator will immediately dispatch medical personnel or a loved one to your location. They will also contact anyone that you have listed on your custom call list.

Be Assured

If you are concerned about a loved one, a friend, or anyone who is living alone, or may need assistance in an emergency, then it's time for **MediPendant™**. **It will provide you with the most important thing... peace of mind.**

Questions & Answers

Q: What is the advantage of MediPendant™?

A: MediPendant™ enables you to **speak and listen directly through the pendant.** There is no need to be near a base station.

Q: Is MediPendant™ difficult to install?

A: It is very simple to install. Just plug in the power cord and the phone jack. There are no tools required.

Q: How much does it cost?

A: Service starts at as little as \$1 per day**. It includes 24-hour-a-day monitoring.

Q: Will my phone bill increase?

A: No, the system dials a pre-programmed toll-free number.

Q: What if there is a loss of power?

A: The base station has backup battery power which allows the system to be used if the power fails.

Q: Who answers the call when the button is pressed?

A: An emergency response call center operator will answer the call. All of our operators are EMT-certified and trained to provide on-call medical assistance.

Q: What happens if I am unable to speak?

A: When the button is pressed, you will hear a voice recording letting you know that your call for help has gone through. Within seconds, an operator will come on the line. If the operator cannot hear you, help will be dispatched immediately.

Q: What is the warranty on MediPendant™?

A: Lifetime replacement warranty.***
